Career Objective

Motivated and passionate B.Tech Computer Science student specializing in Artificial Intelligence, with hands-on experience in frontend development and foundational knowledge in backend technologies. Eager to secure an internship opportunity where I can contribute to real-world projects, enhance my web development skills, and grow into a full-stack developer. Enthusiast in UI/UX and responsive design, aiming to make innovative and user-centric websites.

Education

Bachelor of Technology (B.Tech) – Computer Science (AI Specialization)

Parul University — Vadodara, Gujarat

2023 – 2027

CGPA: 6.6 (Current)

Senior Secondary (Class XII) – CBSE Board

Completed in 2023

Percentage: 60%

Technical Skills

Frontend: HTML5, CSS3, JavaScript, React.js

Backend: Basic knowledge of Node.js, Express.js

Tools & Platforms: Git, GitHub, AWS (Basics), NPM

Other: Responsive Design, Web Hosting, REST APIs (Basics)

Projects

1. Portfolio Website

Designed and developed a responsive personal portfolio showcasing my skills, certifications, and academic background using HTML, CSS, and JavaScript.

2. E-Commerce Website (In Development)

Working on a modern e-commerce platform with features such as product listings, cart, and user authentication using React for frontend. (Project link will be added soon.)

Certifications

- Computer Networks and Internet Protocol – NPTEL (2024)
- AWS Cloud Computing Fundamentals – Ongoing (2025)

About Me

I am a budding frontend developer with a creative eye for web design and layout. I enjoy bringing ideas to life through clean, scalable code and responsive designs. Though still growing in backend technologies, I'm highly motivated to learn full-stack development and explore new tools and frameworks. I'm currently seeking internship opportunities that allow me to expand my technical capabilities and work alongside experienced developers.

Interests

- Web Design & Development
- UI/UX Design
- Cloud Technologies
- Open Source Contributions

Availability

Actively looking for internship roles in web development (frontend-focused) for 2025. Ready to contribute with a growth mindset and learn on the go.
